PROJECT ACCOMPLISHED

   1. TITLE : Creation of Chatbot

      DESCRPITION :

The Chatbot is a web base application, in which it gives information about the query asked by the user and gives instant reply so that making the application user friendly.

   2. TITLE : Women Safety Android Application

      DESCRPITION :

This fuels a new thought of a Bluetooth Aided Safety Band for Women. The main aim is to create a wearable band with provision of connecting with smart phone via Bluetooth. If an emergency occur, the smart phone sends alert messages to predefined numbers with current location of the device. The main advantage of this band is its convenience and easiness of operation.
